

- **Rector's Scholarship:**

Starting this semester, applications for the Rector's scholarship are submitted in the **USOSweb system**.

The Rector's scholarship will be granted for a period of **5 months** (1 semester) regardless of course and degree.

Within the period **from 7 to 13 October 2024**, the student shall check and verify in the USOSweb system their grade average. In case of absence of the grade average or incorrect calculation of the grade average, the student shall submit a request to provide or recalculate the grade average in the ranking for the Rector's scholarship, in the USOSweb system.

Students shall submit applications for the Rector's scholarship in USOSweb, in the period **from 16 to 22 October 2024**.

**From 6 to 10 November 2024** at the request of a student for a correction of the number of points scored for academic, sports or artistic achievements, made in the USOSweb system, a correction is made of the number of points scored for academic, sports or artistic achievements. The correction only applies to obvious errors. **No correction of the grade average is possible within this period.**

Achievement points are awarded in accordance with **§25-27 of the Regulations on Benefits**.

Immediately after the deadline referred to in previous section, the student shall receive information on the award or no award of the Rector's scholarship. It is sent in the form of an *electronic administrative decision in the USOSweb system*.

The Rector's scholarship is granted to the number not higher than 8% of all students from each field of study run by basic organisational units of the University.

**ATTENTION:**

1. Points for the Rector's scholarship for academic achievements, scientific achievements, sports achievement or artistic achievements can be acquired by a student who gained academic, or artistic achievements or succeeded in sports competitions on an international or national level in **two previous semesters**. In previous years of the competition for the Rector's scholarship, the achievements obtained in the previous academic year were taken into account.
2. The student shall point out in the application **three best scientific achievements** with the highest number of points.

- **This year's secondary school graduates:**

A student accepted in the first year of study in the year of passing the matura exam must enclose the following:

- 1) a secondary-school-leaving certificate;
- 2) a certificate of achieving the laureate or finalist title of a science competition on the national or international level;
- 3) a certificate from the appropriate sport federation of winning a medal in a competition for at least the title of the Polish Champion.

The application for the scholarship, the student submits in the USOSWeb system/For All/Applications, from **16 to 22 October 2024**

Scholarships are issued for a period of **10 months**.

**ATTENTION:**

The title of laureate or finalist of a central-level Olympiad or an international Olympiad, or the achievement of a medal position in a sports competition for at least the title of Polish Champion must be obtained in high school by the time of matriculation. This achievement does not have to come from the graduating class.
